The company dedicates its ongoing innovation efforts to precision, durability, versatility in the field, and improving the economics of farming for producers worldwide. It's an exciting time to be a part of Salford Group, as the company launches breakthrough products like the 9620 high-capacity air boom applicator.

Salford Group

The barrel guide ring (gas cylinder) brazed to the barrel, was a 12 Ga. ring. These barrels are no longer available from the factory as they were discontinued in 1978. The barrels sold now are for the LT 20, which is built on a narrower frame. Its smaller barrel guide ring will not fit over the large frame magazine tube.

The Pioneer QX-949 is one of Pioneer's larger quadraphonic receivers and was top of the line when it was introduced in 1974. This was mainly due to the fact that it had essentially all the available decoding built in to it. It has a built in CD-4 demodulator as well as regular matrix and SQ matrix.
