Given this basic premise, one can study how a particular event changes a firm's prospects by quantifying the impact of the event on the firm's stock. Finance scholars have developed the 'event study methodology' to perform this type of analysis - in its most common form, with a focus on stock returns, in less used forms, with a focus on trading volumes and volatilities.

It's important to look at events that are as similar to yours as possible. Don't compare apples with oranges. If your event is a small local music festival, don't compare it to Glastonbury. Step 3: Make observations during the event. One of your main tasks during the event itself is to look and listen.

War of the Worlds was written in response to several historical events. The most important was the unification and militarization of Germany, which led to a series of novels predicting war in Europe, beginning with George Chesney's The Battle of Dorking (1871). Most of these were written in a semi-documentary fashion; and Wells borrowed their technique to tie his interplanetary war tale to specific places in England familiar to his readers.
