On 14 March 2011, Albania became the 10th State to accede to the International Convention on Arrest of Ships 1999, triggering the entry into force of the Convention on 14 September 2011. Arrest of ships is an important issue for the international shipping and trading community. While owners of ships and cargo seek to ensure that legitimate trading is not interrupted by the unjustified arrest of a ship, claimants are interested in obtaining legal protection for their claims.

A party contemplating an arrest of a ship in the UK, or in an English law based jurisdiction, can often be confused by the differences between a Maritime Lien and a Maritime Claim, in rem and in personam claims and the precise circumstances necessary to achieve an arrest. In summary, the English law position is as follows: In the UK (and in jurisdictions with largely English law based systems, such as Singapore, HK, Australia, NZ etc) ship arrest is only possible in rem (ie against the ship ...

~~A P&I Club's view on arrest of ships — GARD~~

Abstract. Ship arrest is the most efficient and effective instrument for the enforcement of maritime claims. At the same time, arrest can be a very risky and harmful practice if it is not responsibly directed. The Republic of Panama is well-known for its long tradition in providing maritime services. Its geographical position and a world-famous canal make Panamanian waters an essential path for international navigation.
