We've had the Miele G641 machine for around 5 years now and it continues to perform well. The only drawback I've found is with the stainless finish, that every appliance seems to be covered in, which requires more cleaning attention than the old "white goods". Although the machine performs perfectly as it's supposed to (doesn't get dry egg off the knives and forks, but never heard of a ...

I've been given a Miele G641 Plus dishwasher that's been sitting in someone's garage for about a year. Apparently it worked fine when the previous owners took it out of their kitchen but I've plumbed it all in and it's not doing what it should. When I turn it on the green light flashes and after selecting a program and pressing start it begins whirring and then drains water out. After draining ...
