Chinese Martial Arts Training Manuals

Training. Chinese martial arts training consists of the following components: basics, forms, applications and weapons; different styles place varying emphasis on each component. In addition, philosophy, ethics and even medical practice are highly regarded by most Chinese martial arts. A complete training system should also provide insight into ...

Chinese martial arts - Wikipedia

There are hundreds of different styles of Chinese martial arts, each with their own sets of techniques and ideas. The various movements in kung fu, most of which are imitations of the fighting styles of animals, are initiated from one to five basic foot positions: normal upright posture and the four stances called dragon, frog, horse riding, and snake.
