The defining characteristic of the California job case is the layout, documented by J. L. Ringwalt in the American Encyclopaedia of Printing in 1871, as used by San Francisco printers. This modification of a previously popular case, the Italic, it was claimed reduced the compositor's hand travel as he set the pieces of type into his composing stick by more than half a mile per day.

Caslon is the name given to serif typefaces designed by William Caslon I (c. 1692–1766) in London, or inspired by his work.. Caslon worked as an engraver of punches, the masters used to stamp the moulds or matrices used to cast metal type. He worked in the tradition of what is now called old-style serif letter design, that produced letters with a relatively organic structure resembling ...

Helvetica is one of the most famous and popular typefaces in the world. It lends an air of lucid efficiency to any typographic message with its clean, no-nonsense shapes. The original typeface was called Neue Haas Grotesk, and was designed in 1957 by Max Miedinger for the Haas'sche Schriftgiesserei (Haas Type Foundry) in Switzerland. In 1960 the name was changed to Helvetica (an adaptation of ...

In 1968, Adrian Frutiger was commissioned to develop a sign and directional system for the new Charles de Gaulle Airport in Paris. Though everyone thought he would want to use his successful Univers font family, Frutiger decided instead to make a new sans serif typeface that would be suitable for the specific legibility requirements of airport signage: easy recognition from the distances and ...

This paper discusses the Hornbostel-Sachs Classification of Musical Instruments. This classification system was originally designed for musical instruments and books about instruments, and was first published in German in 1914. Hornbostel-Sachs has dominated organological discourse and practice since its creation, and this article analyses the scheme's context, background, versions and impact.

Hornbostel-Sachs Classification (IEKO)

Digitized images of the pages of 1000 American magazines and journals published between 1741 and 1940. Titles include Benjamin Franklin's General Magazine, the first American professional journals, and several consumer magazines still in publication, such as Vanity Fair, Harper's Bazaar, and Ladies' Home Journal.
