With the class-leading length of 4,850 mm, the ES6 shapes a sophisticated and high-tech mobile living space. It is NIO’s first model to feature a microfiber headliner, three-spoke sports steering wheel and integrated sports seats, creating a dynamic and vibrant cabin space. Together with the available lounge seat, Nappa leather and ...

### NIO - ES6

ES6 introduces new class syntax. One thing to note here is that ES6 class is not a new object-oriented inheritance model. They just serve as a syntactical sugar over JavaScript's existing prototype-based inheritance. One way to look at a class in ES6 is just a new syntax to work with prototypes and constructor functions that we'd use in ES5.
