Similarly, even if copyright has expired on an original text, certain editions may still be in copyright due to editing, translation, or extra material like annotations.

Peter Barry Beginning Theory

The 1980s probably saw the high-water mark of literary theory. That decade was the 'moment' of theory, when the topic was fashionable and controversial. In the 1990s there was a steady flow of books and articles with titles like *After Theory* (Thomas Docherty, 1990) or 'Post-Theory' (Nicolas Tredell, in *The Critical Decade*, 1993). As such titles ...

Impartiality is sometimes treated by philosophers as if it were equivalent to moral impartiality. Or, at the very least, the former word is often used, without the qualifying adjective 'moral', even when it is the particularly moral concept that is intended.

Impartiality (Stanford Encyclopedia of Philosophy)

1. Scope and Role of Distributive Principles. Distributive principles vary in numerous dimensions. They vary in what is considered relevant to distributive justice (income, wealth, opportunities, jobs, welfare, utility, etc.); in the nature of the recipients of the distribution (individual persons, groups of persons, reference classes, etc.); and on what basis the distribution should be made ...
