### Time Travel A History

Time Travel: A History is not an easy book to categorize: it is part scientific treatise, part philosophical musing, and part literary review. It is, however, an easy book with which to fall in love, one of those special though hard to define volumes that makes its readers want to keep it close at hand, to be dipped into whenever the need for wonder is great.

### Amazon.com: Time Travel: A History (9780307908797): Gleick ...

This book is really about the history of the idea of time travel. James Gleick traces the history of the idea of time travel, through literature and films. The earliest stories about time travel paved the way, for they first exposed people to the whole concept. Later stories expanded on the concept, showing the possibility for paradoxes.
